12.c. Colds and Influenza

This practitioner ^{02119...USA} has had very good results from the following combo for common colds and influenza: **NM18 General Fever Mix + NM36 War.**

Taken frequently when there is the first sign of symptoms, the combo knocks out both viral and bacterial illnesses. If given later when the infection has taken hold, it weakens the illness and hence shortens its duration. The practitioner himself and his several different patients have found this combo to be very effective.

Influenza

This practitioner ^{01361...USA} rates **NM79 Flu Pack** very highly in immediately stopping the progress of influenza. He has treated with this remedy many successful cases including himself and his wife.
